

ARCHBISHOP URGES CHARITY

Predilect Shelter for Homeless Catholics on Bowery in Two Years.

Within two years a Roman Catholic shelter for homeless members of the faith will have been established on the Bowery, Archbishop Hayes declared last evening at a meeting of about 2,000 Catholics from all over Westchester County in Knights of Columbus Hall at New Rochelle, opening the Catholic charities' renewal and expansion week.

The Archbishop urged all Catholics to do their "bit" in contributing to Catholic charities. He said \$569,891 was raised last year for maintenance of hospitals, orphan asylums and other institutions, and he expected all who contributed last year to do so this year.

WARNS OF RENT BOOMS.

New Chairman of Mayor's Committee Predicts Rise in May 1.

Despite the new rent laws, tenants in this city face big increases in rent May 1, Otto B. Shulhof, who recently became the Chairman of the Mayor's Committee on Rent Protesting, said today.

Mr. Shulhof said in "innumerable instances" tenants had received notice of increased rents, and while the legislation of last fall had been beneficial, the prospect is that "the machinery of the law will for some time be overwrought with a continuation of suits and the presentation of claims for further rentals."
